**ALL DISABILITY
PLAN MANAGEMENT**

About All Disability Plan Management

We make life easier by looking after the financial side of your NDIS plan. We're supportive, award-winning, friendly experts, ready to be your trusted budget buddies. We help NDIS Participants, Service Providers and Support Coordinators and we operate Australia-wide. No matter where you live, our team can look after the financial side of your NDIS plan.

Our **trusted team** of plan managers track your funding and give you the level of support you need, **giving you peace of mind**. Enjoy the freedom of supported self-management, without the tricky, time consuming financial administration. Having **your own budget buddy**, gives you more time to make decisions about how you can **live the life you want**. You have direct access to your buddy, we are not a call centre.

Regards,

Jo Hollis
Founder and CEO

Understanding NDIS Funding

Core Budget

Includes supports to help you complete activities related to daily living and work towards your longer-term goals.

Your Core budget is the most flexible, and includes four categories of support:

- **Consumables**
purchasing everyday use items such as continence aids
- **Daily Activities**
assistance with self-care activities during the day or evening
- **Assistance with Social & Community Participation**
supports to enable you to engage in social or recreational activities
- **Transport**
supports if you are unable to use public transport because of your disability

Capital Support Budget

includes assistive technologies, equipment and home or vehicle modifications, and funding for capital costs.

The Capital Support budget relates to supports such as assistive technology or modifications to your home and as such depends on quotes from suppliers. Funds within this budget can only be used for their specific purpose (eg a rail in the bathroom or a wheelchair) and cannot be used to fund other items.

Capacity Building Budget

includes supports to enable you to build your independence and skills.

The Capacity Building funding is matched with the goals listed in your plan. You can choose how to spend these funds to purchase any approved individual support within its category, but won't be able to move funding from one category to another.

The Capacity Building support categories include:

- 1 Improved Life Choices**
plan management
- 2 Improved Daily Living**
therapy aimed at building your capacity to participate g. Speech therapy, Occupational Therapy, Physiotherapy
- 3 Finding & Keeping a Job**
employment related assessment and counselling
- 4 Improved Health and Well Being**
exercise advice required due to impact of disability, eg dietitian and exercise physiology
- 5 Improved Living Arrangements**
support to obtain/retain appropriate accommodation
- 6 Improved Learning**
assistance moving from school to further education
- 7 Improved Relationships**
positive behavioural support strategies to reduce behaviours of concern from a behavioral therapist
- 8 Increased Social and Community Participation**
individual life skills development and training including public transport training and support, developing skills for community, social and recreational participation
- 9 Support Coordination**
a fixed amount for strengthening participant's abilities to coordinate and implement supports in their plans and to participate more fully in the community
